## INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners  
Ware County, Georgia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Ware County, Georgia as of and for the year ended June 30, 2009, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Ware County, Georgia's, management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Ware County Board of Health, which represents 2.34% and 34.93%, respectively, of the total assets and revenues of Ware County, Georgia. We did not audit the financial statements of the Okefenokee Area Development Authority, which represents .97% and .59% respectively, of the total assets and revenues of Ware County, Georgia. These financial statements were audited by other auditors whose reports have been furnished to us, and our opinion on the basic financial statements, insofar as it relates to the amounts included for Ware County Board of Health and the Okefenokee Area Development Authority in the component units column, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Ware County, Georgia as of June 30, 2009, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

-1-

**Henderson & Godbee, LLP**

To the Board of Commissioners  
Ware County, Georgia

In accordance with *Government Auditing Standards*, we have also issued our report dated January 29, 2010 on our consideration of Ware County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 3 through 13 and 56 through 64, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Ware County, Georgia's basic financial statements. The introductory section, combining and individual nonmajor fund statements, statistical tables and the Schedules of Projects Constructed With Special Sales Tax Proceeds are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund statements, and the Schedules of Projects Constructed With Special Sales Tax Proceeds have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

**MANAGEMENT DISCUSSION AND ANALYSIS**

---

---

WARE COUNTY, GEORGIA  
Management's Discussion and Analysis  
Required Supplemental Information  
For the Year Ended June 30, 2009

As Management of Ware County, Georgia, we offer readers of the County's basic financial statements this narrative overview and analysis of the financial activities of the County for the year ending June 30, 2009. We encourage our readers to consider the information presented within this Management's discussion and analysis in conjunction with the basic financial statements. The intent of this discussion and analysis is to look at the County's financial performance as a whole.

**Financial Highlights**

Key financial highlights for FY09 are as follows:

The County's total net assets decreased by \$733,708 to \$110,489,035, due to higher than expected health care cost and a drop in most revenues. The County's investment in capital assets net of related debt is \$102,487,593 and there is \$9,045,492 of net assets that are restricted for various purposes, leaving a \$1,221,731 deficit in unrestricted net assets.

At the end of the current year, the County's governmental funds reported an ending fund balance of \$9,975,364 a decrease of \$4,549,984 from the prior year fund balance. A large portion of the fund balance is reserved for various purposes in the amount of \$9,101,704 and \$873,660 is designated for property tax rollback, leaving no unreserved fund balance. The County is working toward having a positive unreserved fund balance to assure adequate cash reserves and to reduce tax anticipation loan balances.

Net assets for business-type activities increased \$1,288,068 to \$9,647,543.

The County spent most of their remaining SPLOST funds from prior SPLOST on road improvements as most other capital projects have been completed. The current SPLOST referendum is currently being use to obtain public safety and public works equipment as well as acquire property near the current Courthouse to provide more space for County government.

**Overview of the Financial Statements**

This annual report consists of a series of financial statements. These statements are organized so the reader can understand the County as a financial whole or as an entire operating entity. The statements also provide a detailed look at specific financial conditions.

The County's basic financial statements are comprised of three components: the County-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

WARE COUNTY, GEORGIA  
Management's Discussion and Analysis  
Required Supplemental Information  
For the Year Ended June 30, 2009

**Government-Wide Financial Statements**

The Government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

Statement of Net Assets and the Statement of Activities

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. The statement of activities presents information showing how the County's net assets changed during the current year. These statements are prepared using the accrual basis of accounting similar to the accounting method used by private sector companies. This basis of accounting takes into consideration all of the current year's revenues and expenses, regardless of when the cash is received or paid.

The change in net assets is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished. However, in evaluating the overall position of the County, nonfinancial information such as changes in the County's tax base and the condition of the County's capital assets will also need to be evaluated.

In the statement of net assets and the statement of activities, the County is divided into three kinds of activities:

**Governmental Activities**—Most of the County's programs and services are reported here, including general government, judicial, public safety, public works, health, human services, culture and recreation and housing and development. These services are funded primarily by taxes and intergovernmental revenues, including federal and state grants and other shared revenues.

**Business-Type Activities**—These services are provided on a charge for goods or services basis to recover all or most of the cost of the services provided. The County's Emergency Telephone, Substance Center, Airport and Regional Landfill operations are reported here.

**Component Units**—The County's financial statements include financial data of the Ware County Board of Health and the Okefenokee Area Development Authority. These component units are described in the notes to the financial statements. The component units are separate and may buy, sell, lease, and mortgage property in their own name and can sue or be sued in their own name.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial statements provide detailed information about the County's major funds. Based on the restriction on the use of moneys, the County has established many funds that account for the multitude of services provided to our residents.

WARE COUNTY, GEORGIA  
Management's Discussion and Analysis  
Required Supplemental Information  
For the Year Ended June 30, 2009

The County's major governmental funds are the General Fund and the Capital Projects 1998, 2003 and 2008 Special Purpose Sales Tax Funds..

**Governmental Funds**—Governmental funds are used to account for essentially the same functions reported as governmental activities on the government-wide financial statements. Most of the County's basic services are reported in these funds that focus on how money flows into and out of the funds and the year end balances available for spending. These funds are reported on the modified accrual basis of accounting that measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services being provided, along with the financial resources available.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements.

By doing so, readers may better understand the long-term effect of the government's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately on the governmental fund balance sheet and on the governmental fund statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

**Proprietary Funds**— Enterprise funds are used to report the same functions presented as business-type activities on the government-wide financial statements. The County uses enterprise funds to account for the Emergency Telephone, Substance Abuse Center, Airport and Regional Landfill. Internal Service funds are used to account for the financing of goods or services provided by one department to other departments of the County on a cost-reimbursement basis. The County used internal service funds to account for Workers Compensation and Health Insurance.

**Fiduciary Funds**—Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected on the government-wide financial statements because the resources from those funds are not available to support the County's programs. The accounting method used for fiduciary funds is much like that used for the proprietary funds.

**Notes to the Financial Statements**—The notes provide additional information that is essential to a full understanding of the data provided on the government-wide and fund financial statements.

**Other Information**—In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules.

<b>Total Liabilities</b>	<b>16.82</b>	<b>10.58</b>	<b>2.54</b>	<b>2.17</b>	<b>19.36</b>	<b>12.75</b>	<b>-34.14%</b>
<b>Net Assets</b>							
Invested in capital assets, net of related debt	90.52	93.02	8.74	9.47	99.26	102.49	3.25%
Restricted	12.89	9.04	-	-	12.89	9.04	-29.87%
Unrestricted	(0.63)	(1.22)	(0.38)	0.18	(1.01)	(1.04)	2.97%
<b>Total Net Assets</b>	<b>\$ 102.78</b>	<b>\$ 100.84</b>	<b>\$ 8.36</b>	<b>\$ 9.65</b>	<b>\$ 111.14</b>	<b>\$ 110.49</b>	<b>-0.58%</b>

As noted earlier, the County's net assets, when reviewed over time, may serve as a useful indicator of the County's financial position. In the case of the County, assets exceeded liabilities by \$110,489,035 (\$100,841,492 in governmental activities and \$9,647,543 in business-type activities) as of June 30, 2009. The largest portion of the County's net assets (93 percent) reflects its investment in capital assets (e.g., land and improvements, buildings and building improvements, improvements other than buildings, machinery and equipment, vehicles, and infrastructure) less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities. Another 7% of net assets are restricted for use on capital projects.

An additional portion of the County's net assets (.9 percent) represents resources that are subject to other restrictions on how they can be used. The remaining balance of unrestricted assets is a deficit of \$1,044,050.

WARE COUNTY, GEORGIA  
Management's Discussion and Analysis  
Required Supplemental Information  
For the Year Ended June 30, 2009

The next table shows the changes in net assets for the years ending June 30, 2009 and 2008:

**Changes in Ware County's Net Assets**

WARE COUNTY, GEORGIA  
 Management's Discussion and Analysis  
 Required Supplemental Information  
 For the Year Ended June 30, 2009

**Government Activities**

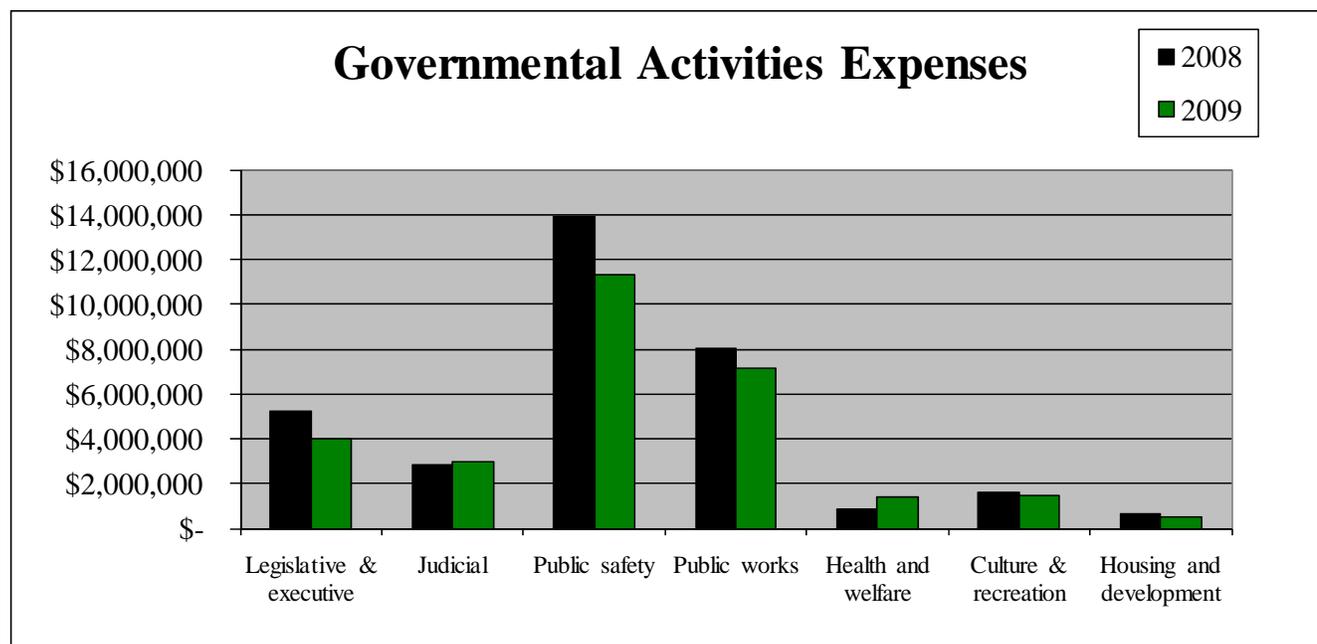

The largest portion of the County's program revenue is from charges for services which accounted for \$5,131,022 or 80% of total program revenues. These charges include licenses and permits, fines and forfeitures related to judicial activity, fees for real estate transfers, fees associated with the collection of property taxes and fees charged through various County governmental departments.

Property tax revenues are the major contributor to general revenues and account for \$10,854,300 or 52% of total general revenues. Another major component was sales taxes, which accounted for \$8,362,111 or 40% of total general revenues.

WARE COUNTY, GEORGIA

 For the Year Ended June 30, 2009

**Government Activities – Continued**

The following chart compares governmental activities expenses for the year ending June 30, 2008 and 2009:

The following table provides the total cost of services and the net cost of services for the governmental activities. The statement of activities reflects the cost of program services and the charges for services, and sales, grants, and contributions offsetting these services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted intergovernmental revenues.

**Net Cost of Ware County's Governmental Activities**

WARE COUNTY, GEORGIA  
Management's Discussion and Analysis  
Required Supplemental Information  
For the Year Ended June 30, 2009

**Business-Type Activities**

The net assets for business-type activities increased by \$1,288,068 during the year ending June 30, 2009. The major source of revenue was from charges for services which amounted to \$1,160,337.

**Financial Analysis of County Funds**

The County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

**Governmental Funds**

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the County's net resources available for spending at the end of the year.

As of June 30, 2009, the County's governmental funds reported a combined ending fund balance of \$9,975,364 a decrease of \$4,549,984. Most of the of the fund balance is reserved to indicate that it is not available for new spending because it has already been committed to a variety of other restricted purposes. An amount of \$873,660 is designated for a property tax roll back from prior year local option sales tax.

**Major Funds**

The General Fund is the primary operating fund of the County. At the end of June 30, 2009, the unreserved fund balance was \$0 while total fund balance was \$ 929,872. As a measure of the General Fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. Total fund balance represents 4.3 percent of the total fund expenditures.

The Capital Projects 1998 SPLOST Fund expended \$1,006,015 in capital improvement funds decreasing the fund balance after investment income and miscellaneous revenue from \$1,445,304 to \$439,289 which is restricted for capital projects.

The Capital Projects 2003 SPLOST Fund expended \$4,923,854 in capital improvement funds and debt service and received \$305,091 in intergovernmental revenues and investment income. The expenditures exceeded revenue resulting in an decrease in the fund balance by \$4,618,763 to \$5,957,798, which is restricted for capital projects.

The Capital Projects 2008 SPLOST Fund expended \$3,316,705 in capital improvement funds and received \$4,927,941 in sales tax revenues and investment income. The revenues exceeded expenditures resulting in an increase in the fund balance \$1,611,236, which is restricted for capital projects.

WARE COUNTY, GEORGIA  
Management's Discussion and Analysis  
Required Supplemental Information  
For the Year Ended June 30, 2009

**Enterprise Funds**

The County's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail.

The Emergency Telephone Fund oversees the operations of the 911 call center. The fund is supported by fees assessed to all telephone users and assistance from the County general fund.

The Regional Landfill Fund oversees the operations of a landfill that was constructed but never opened.

The Substance Abuse Center Fund oversees the rental and payment of bonded indebtedness for a substance abuse facility.

The Airport Fund oversees the operations of the airport. The fund is supported by charges for services and assistance from the County general fund.

**Budgetary Highlights**

By State statute, the Board of County Commissioners adopts the annual operating budget for the County on or before the first day of the fiscal year.

For the General Fund, changes from the original to the final budget created no net change in fund balance. The budget changes were for personnel changes and capital outlay changes during the year and were all covered by higher than expected revenues. For the Special Revenue Funds, changes from the original to the final budget were due to higher than expected expenditures of current revenues and prior year fund balances.

**Capital Assets**

The County's investment in capital assets for governmental and business-type activities as of June 30, 2009, was \$107,705,902 (net of accumulated depreciation). This investment in capital assets includes land and improvements, buildings and improvements, improvements other than buildings, machinery and equipment, vehicles, and infrastructure.

Major capital asset events during FY09 included continued improvements to roads, acquisition of property around the Courthouse and acquisition of public safety and public works equipment.

Note 7 (Capital Assets) provides additional information about capital asset activity during FY09.

WARE COUNTY, GEORGIA  
Management's Discussion and Analysis  
Required Supplemental Information  
For the Year Ended June 30, 2009

**Debt**

At June 30, 2009 the County had revenue bonds of \$805,000 outstanding that are expected to be repaid from business-type activities. Other outstanding debt included a TAN loan payable of \$2,800,000 and capital leases of \$4,504,129.

In addition to the bonded debt, the County's long-term obligations include compensated absences and closure/postclosure liability. Additional information on the County's long-term debt can be found in Notes 14 to 17 of this report.

**Economic Factors**

The gross tax digest growth grew by 2.5% but due to the growth of exemptions, the taxable digest grew by .07%.

Retail sales slowed due to the national economic recession resulting in a decline in sales tax revenues.

**Requests for Information**

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Ware County Clerk, P.O. Box 1069, Waycross, GA 31502.

WARE COUNTY, GEORGIA  
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN  
 FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
 For The Year Ended June 30, 2009

Net Change in Fund Balances - Total Governmental Funds \$ (4,549,984)

**Amounts reported for governmental activities on the  
 statement of activities are different because of the following:**

Net Pension Obligation

Change in pension assets resulting from contributions in excess of the annual required contribution 35,668

Governmental funds report capital outlays as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current year:

Capital outlay - construction in progress	2,326,392	
Capital outlay - depreciable capital assets	2,466,348	
Loss on disposal of capital asset	(11,401)	
Depreciation	<u>(5,527,007)</u>	(745,668)

Revenues on the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds:

Property taxes	<u>49,948</u>	49,948
----------------	---------------	--------

Some expenses reported on the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Internal service funds	3,267	
Landfill postclosure cost	24,054	
Compensated absences	<u>(84,313)</u>	(56,992)

Repayment of principle is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the statement of activities.

Bond principle payments	2,800,000	
Capital lease principle payments	<u>445,252</u>	<u>3,245,252</u>

Changes in Net Assets of Governmental Activities \$ (2,021,776)

The accompanying notes are an integral part of these financial statements.

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 1 – Reporting Entity**

These financial statements present Ware County, Georgia (the primary government) which is governed by an elected five - member board, Ware County Board of Health and the Okefenokee Area Development Authority which are discretely presented component units. Also included are five elected constitutional officers: Clerk of the Superior Court, Sheriff, Tax Commissioner, Probate Judge and Magistrate Judge.

The criteria for including organizations as component units within the County's reporting entity, as set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the County holds the corporate powers of the organization
- the County appoints a voting majority of the organization's board
- the County is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the county
- there is a fiscal dependency by the organization of the County

*Joint Ventures*

Based on the criteria of GASB 2100, the following entities are considered joint venture organizations between the City of Waycross and Ware County:

The Southeast Georgia Regional Development Center is a joint venture of the members in the South Georgia 8 county area. Further information is provided in Note 22.

*Component Units*

Based on the criteria of GASB 2100, the following entities are considered a component unit of Ware County, Georgia:

The Ware County Board of Health is a component unit based on the criteria of the County appointing a voting majority to the board and the County's ability to impose its will upon the Ware County Board of Health. The financial statements for the Ware County Board of Health are presented in these financial statements using the method of discrete presentation. The Ware County Board of Health fiscal year end is June 30. A complete set of financial statements for the Ware County Board of Health is presented in a separate report and can be obtained from the Ware County Board of Health, 1101 Church Street, Waycross, Georgia 31501.

The Okefenokee Area Development Authority is a component unit based on the criteria of the County appointing a voting majority to the board. The financial statements for the Okefenokee Area Development Authority are presented in these financial statements using the method of discrete presentation. The Okefenokee Area Development Authority fiscal year end is December 31. A complete set of financial statements for the Okefenokee Area Development Authority is presented in a separate report and can be obtained from the Okefenokee Area Development Authority, 402 Elizabeth Street, Waycross, Georgia 31501.

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 1 – Reporting Entity – Continued**

*Related Organizations*

The Ware County Board of Commissioners are also responsible for appointing board members to other organizations, but the County's accountability for these organizations does not extend beyond making appointments. The Commissioners appoint members to the boards of the Clean Community Committee, Satilla Community Services Board, South Georgia Regional Community Services Board, Ware County Airport Advisory Committee, Ware County Department of Family and Children Services Board, Ware County Forestry Board, Ware County Hospital Authority, Ware County Recreation Board, Ware County Tax Assessors Board, Waycross-Ware County Board of Zoning Appeals, Waycross-Ware County Development Authority, Waycross-Ware County Library Board and the Waycross Ware County Planning Commission.

**Note 2 - Summary of Significant Accounting Policies**

The financial statements of Ware County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County has elected to apply Financial Accounting Standards Board (FASB) Statements and Interpretations issued after November 30, 1989, to its business-type activities and to its enterprise funds provided they do not conflict with or contradict GASB pronouncements.

The following are the more significant of the County's accounting policies.

**A. Basis of Presentation**

The County's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**Government-Wide Financial Statements**

The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental in nature and those that are considered business-type activities.

The statement of net assets presents the financial condition of the governmental and business-type activities of the County at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues that are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 2 - Summary of Significant Accounting Policies - Continued**

**Fund Financial Statements**

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and proprietary fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

**B. Fund Accounting**

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

**Governmental Funds**

Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the County's major governmental funds:

**General Fund.** The General Fund accounts for all financial resources, except those required to be accounted for in another fund. All general operating revenues which are not restricted or designated as to use by outside sources are recorded in the General Fund.

**Capital Projects Special Sales Tax 1998 Fund.** The Capital Projects Special Sales Tax 1998 Fund accounts for the special purpose local option sales tax that was renewed for the fourth time by referendum. The revenue is restricted to the stated purposes of the referendum.

**Capital Projects Special Sales Tax 2003 Fund.** The Capital Projects Special Sales Tax 2003 Fund accounts for the special purpose local option sales tax that was renewed for the fifth time by referendum. The revenue is restricted to the stated purposes of the referendum.

**Capital Projects Special Sales Tax 2008 Fund.** The Capital Projects Special Sales Tax 2008 Fund accounts for the special purpose local option sales tax that was renewed for the sixth time by referendum. The revenue is restricted to the stated purposes of the referendum.

The other governmental funds of the County account for grants and other resources whose use is restricted for a particular purpose; the accumulation of resources for, and the payment of debt; and the acquisition or construction of major capital facilities.

**Note 2 - Summary of Significant Accounting Policies - Continued**

**Proprietary Funds**

Proprietary Fund reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows. Proprietary funds distinguish operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund's principle ongoing operations. All other revenues and expenses not meeting this definition are considered nonoperating. The County's enterprise funds may be used to account for any activity for which a fee is charged to external users of goods or services. The following are the County's major enterprise funds:

**Emergency Telephone Fund.** The fund accounts for fees collected to provide the emergency 911 call center.

**Substance Abuse Center.** The fund accounts for the rental of the building for the Substance Abuse Department. Rental fees are based on costs of maintaining the building and the annual debt service payments.

**Airport Fund.** The fund accounts for the operations of the Ware County Airport.

**Regional Landfill.** The fund accounts for the development and future operations of a regional landfill.

**Internal Service Funds**

Internal Service Funds are used to account for the financing of goods or services provided by one department to the other departments of the County on a cost-reimbursement basis. The County has two internal service funds:

**Health Fund.** The fund accounts for charges to other funds and contributions from employees and for the payment of health insurance premiums and benefits.

**Workers Compensation Fund.** The fund accounts for transactions related to worker's compensation claims by the County.

In the Statement of Activities, internal service fund transactions have been eliminated, however those transactions between governmental and business-type activities have not been eliminated.

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 2 - Summary of Significant Accounting Policies - Continued**

**Fund Financial Statements - Continued**

**Fiduciary Funds**

Fiduciary fund reporting focuses on net assets and changes in net assets. The County's agency funds account for assets held by the County for political subdivisions in which the County acts as fiscal agent and for taxes, state-levied shared revenues, and fines and forfeitures collected and distributed to other political subdivisions.

**C. Measurement Focus**

**Government-Wide Financial Statements**

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the County are included on the statement of net assets.

**Fund Financial Statements**

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared.

Governmental fund financial statements, therefore, include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the enterprise and internal service funds are accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in revenues, expenses, and changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. The statement of cash flows reflects how the County finances and meets the cash flow needs of its enterprise and internal service activities.

**D. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide and enterprise and internal service fund financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; enterprise funds and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 2 – Summary of Significant Accounting Principles – Continued**

**Revenues—Exchange and Nonexchange Transactions**

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recognized in the year in which the resources are measurable and become available. Available means the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within sixty days after year end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, sales taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes are recognized in the year for which the taxes are levied. Revenue from sales taxes is recognized in the period in which the sales are made. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the County must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: sales taxes, charges for services, fines and forfeitures, grants, interest, and rent.

**Deferred Revenues**

Deferred revenues arise when assets are recognized before the revenue recognition criteria have been satisfied.

Property taxes for which there was an enforceable legal claim at June 30, 2009, but were levied to finance FY09 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements were met have also been recorded as deferred revenue.

On governmental fund financial statements, receivables that were not collected within the available period are recorded as deferred revenue.

**Expenses/Expenditures**

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 2 - Summary of Significant Accounting Policies - Continued**

**E. Budgetary Process**

An annual budget is adopted (as required by law) by the County for the general, special revenue and capital projects funds. Although not legally required, the County also adopts a budget for the enterprise funds and internal service funds. The budgets are adopted on a basis substantially consistent with U.S. generally accepted accounting principles.

The County uses the following procedures in establishing the annual budgets:

1. Prior to July 1, the County Manager submits to the Board of Commissioners a proposed budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments. Notice is given at least ten days in advance by publication in the official organ of Ware County.
3. The budget is legally enacted through passage of an ordinance.
4. The County has a policy of budgeting on a departmental basis.
5. Formal budgetary integration is employed as a management control device during the year for the general fund, special revenue, capital project, internal service and enterprise funds.
6. Budgeted amounts are shown as amended throughout the year.
7. Departments can, with County Manager approval, amend their budgets without Board approval on all expenditures excluding personal services.

**F. Encumbrances**

Encumbrance accounting, under which major purchase orders, contracts, and other commitments for the expenditures of monies are recorded to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration. Ware County does not utilize encumbrance accounting.

**G. Cash and Cash Equivalents**

For the proprietary fund types a statement of cash flows is presented, as is required by GASB Statement 9, instead of a statement of changes in financial position. For this statement, cash equivalents are defined as short term, highly liquid investments with a maturity of three months or less when purchased, that are readily convertible to known amounts of cash and so near their maturity that they present insignificant rates of changes in value because of changes in interest rates.

**H. Investments**

All investments are recorded at fair value based on quoted market prices. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties.

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 2 - Summary of Significant Accounting Policies - Continued**

**I. Prepaid Expenses**

Prepaid balances are for payments made by the County in the current year to provide services occurring the subsequent fiscal year.

**J. Inventory**

Inventory is presented at the lower of cost or market on a first-in, first-out basis and is expensed when used. Inventory consists of expendable supplies held for consumption.

**K. Restricted Assets**

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Certain resources set aside for the payment of revenue bond debt to be paid from 2003 SPLOST revenues are classified as restricted assets on the balance sheet because their use is limited.

**L. Capital Assets**

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets used by the enterprise funds are reported in both the business-type activities column of the government-wide statement of net assets and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market value on the date donated. The County maintains a capitalization threshold of \$5,000. The County's infrastructure consists of roads, bridges, and culverts. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of enterprise fund capital assets is also capitalized.

All capital assets are depreciated, except for land and improvements and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives.

<u>Description</u>	<u>Estimated Lives</u>
Buildings and Building Improvements	40–100 years
Improvements Other Than Buildings	40 years
Machinery and Equipment	5–20 years
Vehicles	6–20 years
Infrastructure	5–50 years

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 2 - Summary of Significant Accounting Policies - Continued**

**M. Interfund Receivables/Payables**

On fund financial statements, receivables and payables resulting from short-term interfund loans or interfund services provided and used are classified as “Interfund Receivables/Payables.” Interfund balances within governmental activities and within business-type activities are eliminated on the government-wide statement of net assets. The only interfund balances which remain on the government-wide statement of net assets are those between governmental and business-type activities. These amounts are reflected as “Internal Balances.”

**N. Compensated Absences**

Vacation benefits are accrued as a liability as the benefits are earned if the employees’ rights to receive compensation are attributable to services already rendered and it is probable the County will compensate the employees for the benefits through paid time off or some other means. The County records a liability for accumulated unused vacation time when earned for all employees.

Sick leave benefits are not accrued as a liability.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are not recognized as a liability and expenditure. For enterprise funds, the entire amount of compensated absences is reported as a fund liability.

**O. Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the enterprise funds are reported on the enterprise fund financial statements.

In general, governmental fund payables and accrued liabilities are recognized as fund liabilities when incurred. However, required pension contributions that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Loans and capital leases are recognized as a liability on the fund financial statements when due.

**P. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consist of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The County’s policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

**Q. Governmental Fund Balance Reserves**

The County reserves those portions of governmental fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure.

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 2 - Summary of Significant Accounting Policies – Continued**

**R. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise funds. For the County, these revenues are charges for services for water and sewer and street lighting. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as nonoperating.

**S. Interfund Transactions**

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

**T. Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Note 3 – Accountability**

*Deficit Net Assets*

The following funds had deficits at June 30, 2009:

Enterprise Fund:	<u>Deficit</u>
Emergency Telephone Fund	\$213,049
Substance Abuse Center	\$ 70,142

The County will be increasing revenues to the Emergency Telephone Fund from the General Fund to cover increasing cost that cannot be covered by fees. Higher than normal repair costs have been completed on the Substance Abuse Center building and the fund deficit should be reduced in future years.

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 4 – Deposits and Investments**

Ware County maintains investments in a local government investment pool through the State of Georgia Office of Treasury and Fiscal Services. The balance at June 30, 2009 was \$1,134 for all funds. The funds have a 24 day weighted average maturity.

“Georgia Fund 1,” created by O.C.G.A. 36-83-8, is a stable net asset value invested pool which follows Standard and Poor’s criteria for AAAm rated money market funds. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. The pool’s primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value.) Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant’s shares sold and redeemed based on \$1.00 per share.

Ware County maintains a money market investment account for 1998 SPLOST funds through SunTrust Bank. The balance at June 30, 2009 was \$960,571.

**Interest Rate Risk.** The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk.** State statutes authorize the County to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U. S. government or by a government agency of the United States; obligations of any corporation of the U. S. government; prime banker’s acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia.

**Custodial Credit Risk – Deposits.** Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U. S. government, or bonds of public authorities, counties or municipalities.

**Custodial Credit Risk – Investments.** Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require all investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U. S. government, or bonds of public authorities, counties or municipalities.

WARE COUNTY, GEORGIA  
 NOTES TO THE FINANCIAL STATEMENTS

**Note 5 – Property Taxes**

Property taxes include amounts levied against all real property, public utility property, and tangible personal property located in the County. The property taxes for Ware County are collected by the Ware County Tax Commissioners Office and remitted to the County monthly.

The property tax calendar is as follows:

- January 1 - Assessment date
- July 1 - Tax Assessors send returns to Tax Commissioner
- July 25 - Millage rate is set by the County Commission
- July 28 - County tax digest is submitted to the State Revenue Commissioner
- September 30 - Bills are mailed by Tax Commissioner
- December 20 - Due date for property taxes other than motor vehicles
- December 21 - Execution date for unpaid taxes

Taxes are collected throughout the year.

**Note 6 – Receivables**

Receivables at June 30, 2009, consisted of accounts (billings for user charged services, including unbilled utility services), sales taxes, accrued interest, grants, interfund, and property taxes. All amounts due from other governments are considered collectible in full. Delinquent property taxes may be certified and collected as a special assessment, subject to foreclosure for nonpayment.

Receivables are recognized to the extent the amounts are determined material and substantiated, not only by supporting documentation but also by a reasonable systematic method of determining their existence, completeness, valuation, and collectibility.

A summary of the principal amounts due from other governments is as follows:

General Fund	
District Attorney Cost - Other Counties	\$ 119,102
Franchise Taxes	37,147
State of Georgia	577

Regional Landfill Fund				
General Fund	-	132,457	-	-
	<u>-</u>	<u>1,014,437</u>	<u>568,720</u>	<u>-</u>
Internal Service Funds				
Health Fund				
General Fund	<u>30,227</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total Enterprise and Internal Service Funds	<u>30,227</u>	<u>1,014,437</u>	<u>568,720</u>	<u>-</u>
 Total All Funds	 <u>\$ 1,122,046</u>	 <u>\$ 1,122,046</u>	 <u>\$ 1,709,800</u>	 <u>\$ 1,709,800</u>

The difference in interfund receivables and payables for government funds is due to amounts due to and from enterprise and internal service funds shown above. The interfund balances resulted from loans made to provide working capital for operations and projects and the time lag between dates that payments between funds are made.

Transfers were made from SPLOST funds to cover approved projects paid out of other funds. Transfers were made to enterprise funds to cover operational cost of the fund.

WARE COUNTY, GEORGIA  
 NOTES TO THE FINANCIAL STATEMENTS

**Note 9 – Risk Management**

**A. Property and Liability**

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County established a Workers' Compensation Fund (internal service fund) to account for and finance its uninsured risks of loss. Under this program, the Workers' Compensation Fund provides coverage for up to a maximum of \$250,000 for each worker's compensation claim, \$2,500 for each enforcement claim. The coverage has a \$1,000,000 cap. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

All funds of the County participate in the program and make payments to the Workers' Compensation Fund based on estimates of the amounts needed to pay prior and current-year claims and to establish a reserve for catastrophe losses. The Workers' Compensation Fund had a fund balance of \$82,235 as of June 30, 2009. At June 30, 2009, the Workers' Compensation Fund had a claims liability of \$9,155 reported based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

**B. Health Care**

The County is self-insured for medical claims by the employees and employee's dependents that are covered under the medical plan. The plan is a self funded welfare benefit plan providing health and hospitalization benefits. Claims under the plan are paid solely from the general assets of the County. Losses greater than \$60,000 per aggregate individual claim are insured by a private insurance company. Included in the accounts payable of the Health Plan Fund is an estimated liability of \$259,686 which reflects health claims incurred but not processed prior to year end. This health claims liability was estimated based on such claims paid subsequent to year end.

Changes in the Health Plan Fund's claim liability amount in fiscal year 2008 and 2009 were:

	Beginning of Fiscal Year Liability	Current Year Claims and Changes In Estimates	Claim Payments	Balance At Fiscal Year End
2007-2008	\$ 251,757	3,377,932	3,283,823	\$ 345,866
2008-2009	\$ 345,866	3,030,511	3,116,691	\$ 259,686

**C. Workers' Compensation**

The County participates in the ACCG - Group Self-Insurance Workers' Compensation Fund to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation, or defense.

Settled claims in the past three years have not exceeded the coverage. There was no significant reduction in insurance coverage from the prior year.

WARE COUNTY, GEORGIA  
 NOTES TO THE FINANCIAL STATEMENTS

**Note 10 – Pension Plan**

**A. Plan Description**

The county contributes to the Association of County Commissioners of Georgia ("ACCG") Defined Benefit Plan ("Plan"), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating counties in Georgia.

**B. Summary of Significant Accounting Policies**

The Plan's financial statements are prepared on an accrual basis, modified to include unrealized gains or losses on marketable securities owned by the Plan and incremental changes in the cash value of pre-retirement life insurance policies owned by the trust.

Plan member contributions are recognized in the period in which contributions are due. County contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable.

Investments in securities are valued at current market prices. The trust fund is invested, approximately, in 60% equities and 40% fixed income securities on a cost basis.

**C Membership**

Participation counts as of January 1, 2008 (the most recent actuarial valuation date) and covered compensation (based on covered earnings for the preceding year) are shown below:

Participant Counts

Active participants	21
Retirees and beneficiaries	59
Deferred vested (former employees)	103
Disabled in pay status	<u>5</u>
Total	<u><u>188</u></u>

Covered compensation for active participants	\$703,132
--	-----------

**D. Funding Policy**

The County is required to contribute at an actuarially determined rate. Section 47-20 of the Georgia Code sets forth the minimum funding standards for state and local governmental pension plans. Administrative expenses are based on total compensation of active plan participants and are added to the state-required funding requirement.

The Georgia Constitution enables the governing authority of the County, the Board of Commissioners, to establish, and amend from time-to-time the contribution rates for the County and its plan participants.

WARE COUNTY, GEORGIA  
 NOTES TO THE FINANCIAL STATEMENT

**E. Annual Pension Cost and Net Pension Obligation (Asset)**

For 2009, the County’s annual pension cost of \$10,634 was less than the County’s required and actual contributions. The required contribution was determined as part of the January 1, 2008 actuarial valuation using the following assumptions:

Current Valuation Date	January 1, 2008
Annual Return on Invested Plan Assets	8.00%
Projected Annual Salary Increases	5.00%
Expected Annual Inflation	3.00%
Actuarial Value of Assets	Market Value
Actuarial Funding Method	Projected Unit Credit
Amortization Method	Level Percent of Pay (Closed)
Remaining Amortization Period*	10

\* - Represents the estimated amortization period for all unfunded liabilities combined into one amortization base.

WARE COUNTY, GEORGIA  
 NOTES TO THE FINANCIAL STATEMENTS

**Note 10 – Pension Plan – Continued**

**E. Annual Pension Cost and Net Pension Obligation (Asset) - Continued**

The County’s annual pension cost and net pension obligation for the pension plan for the current year were determined as follows:

**Derivation of Net Pension Obligation:**

	<u>2008</u>	<u>2007</u>
Net Pension Obligation as of the Beginning of Prior Year	\$ (78,761)	\$ (86,376)
Annual Pension Cost of Prior Year	23,613	82,206
Actual Contributions to Plan for Prior Year	<u>59,290</u>	<u>74,591</u>
Increase in Net Pension Obligation	\$ (35,677)	\$ 7,615
Net Pension Obligation as of Beginning of the Year	\$ (114,438)	\$ (78,761)

**Derivation of Annual Pension Cost:**

Annual Required Contribution	\$ 10,634	\$ 23,266
Interest on Net Pension Obligation	(9,155)	(6,301)
Amortization of Net Pension Obligation	<u>9,659</u>	<u>6,648</u>
Annual Pension Cost	\$ 11,138	\$ 23,613

**TREND INFORMATION FOR THE PLAN**

<u>Year Ended 12/31</u>	<u>Annual Pension Cost</u>	<u>Actual County Contribution</u>	<u>Percentage Contributed</u>	<u>Net Pension Obligation (Asset)</u>
2003	\$ 98,821	\$ 98,709	100%	\$ (25,555)
2004	90,332	98,500	109%	(25,443)
2005	93,823	146,588	156%	(33,611)
2006	82,206	74,591	91%	(86,376)
2007	23,613	59,290	251%	(78,761)
2008	11,138	N/A	N/A	(114,438)

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 10 – Pension Plan – Continued**

In addition to the above retirement plan, of which the County is administrator, the following retirement plans are in effect but are not under the direct control of the County:

- 1) Probate Judges' Retirement Fund of Georgia
- 2) Clerk of Superior Court Retirement Fund
- 3) Sheriffs' Retirement Fund/Peace Officers' Annuity and Benefit Fund

which provide for certain sums from marriage licenses, fees, fines and forfeitures to be remitted directly to the pension plans before the payment of any costs or other claims.

A copy of both financial reports can be obtained at the following address:

GEBCorp  
1100 Circle 75 Parkway  
Suite 300  
Atlanta, Georgia 30339

**Note 11 - Deferred Compensation Plan**

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code (IRC) Section 457. The plan, available to all employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Beginning with fiscal year 1999, deferred compensation plan transactions formerly reported in the Agency Fund are excluded from the County's financial reporting.

As of July 1, 1999, the County implemented a new standard requiring changes to the accounting and financial reporting for the deferred compensation plans created in accordance with Internal Revenue Code 457. The plans are administered by independent plan administrators through administrative service agreements. The County's administrative involvement is limited to transmitting amounts withheld from payroll to the plan administrator, CBIZ Pension Services, who performs investing functions.

Amendments to the laws governing Section 457 plans substantially became effective January 1, 1999. The County approved plan amendments such that the plan assets are held in trust for the benefit of the plan participants and their beneficiaries. The assets will not be diverted to any other purpose. Therefore, the financial activity of these plans is no longer reported in the County's Agency Fund.

**Note 12 – Post Employment Health Care Benefits**

In addition to providing pension benefits, in accordance with County resolution, the County provides certain health care benefits for retired employees. The County's employees who are eligible for retirement benefits under the pension plan are also eligible for post employment health care benefits. The retired employees pay monthly premiums for this benefit. There are currently 9 retired employees who are participating in these health care benefits. Premiums paid by retired employees were \$17,382 and claims paid were \$141,104. Claims are funded in the same manner as active employees along with the premiums provided by the retired employees. Retired employees must have 15 years of service and are eligible for medical insurance until they become eligible for Medicare.

WARE COUNTY, GEORGIA  
 NOTES TO THE FINANCIAL STATEMENTS

**Note 13 – Compensated Absences**

It is the County’s policy to permit employees to accumulate earned but unused leave benefits. A maximum of 192 hours of unused leave benefits will be paid to employees upon separation from County service. In the normal course of business, all payments of these accumulated benefits will be funded from appropriations of the year in which they are to be paid from the fund for which the employee’s compensation is funded. While the General Fund covers a majority of the cost of compensated absences, the Emergency Telephone and Airport funds also contribute to compensated absences for employees paid through those funds.

	<u>Balance at July 1, 2008</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance at June 30, 2009</u>	<u>Amount Due In One Year</u>
Primary Government:

**Note 17 – Landfill Postclosure Cost**

State and federal laws and regulations require the County to cover a landfill and maintain monitoring functions for thirty years after closure. The County has accrued the expected postclosure cost for the landfill that closed in 1997. The amount accrued of \$1,964,286 represents 100% of the total estimated remaining postclosure cost which is made up of estimated monitoring costs and maintenance costs. This estimate is subject to change based on changes in technology or applicable laws and regulations. The County plans to fund post closure costs through its general fund budget.

	Balance at July 1, 2008	Additions	Reductions	Balance at June 30, 2009	Due Within One Year
Governmental Activities:					
Postclosure care cost	\$ 1,988,339	\$ -	\$ 24,053	\$ 1,964,286	\$ 41,660

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 18 – Component Unit**

**A. Ware County Board of Health**

Basis of Presentation The financial statements of the Ware County Board of Health (Board) have been prepared in accordance with generally accepted accounting principles (GAAP) for local governmental units and, accordingly, reflect all significant receivables, payables, and other liabilities. The Board uses funds to report on its financial position and results of its operations. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements. Actual results may differ from those estimates.

Basis of Accounting The accrual basis of accounting is followed by the Board. Revenues are recognized when an exchange takes place or when all eligibility requirements have been satisfied.

Cash and Cash Equivalents The Board considers all highly liquid instruments purchased with a maturity of less than three months to be cash equivalents.

Property and Equipment Property and equipment are carried at cost or, if donated, the fair value on the date donated. Depreciation is computed using the straight-line method over the estimated useful life of the asset. Property and equipment as of June 30, 2009, was as follows:

Equipment	\$ 3,781,911
Less Accumulated Depreciation	<u>(3,109,562)</u>
Net Capital Assets	<u>\$ 672,349</u>

Retirement Plan

The employees of the Health Department participate in the Georgia State Employees Retirement System, a multi-employer, defined contribution plan. The Plan is administered by the State of Georgia, and accumulated benefits and Plan assets are not determined or allocated to the individual participating governmental entities. The Georgia State Employees' Retirement System of Georgia requires ten years of continuous service to become fully vested. The total retirement contributions to the Georgia State Employees Retirement System for the year ended June 30, 2009 were \$520,491. Ten-year historical trend information and relevant actuarial information may be obtained from the Employee's Retirement System, Two Northside 75, Suite 300, Atlanta, Georgia 30316-7778 or calling 1-407-352-6400.

**B. Okefenokee Area Development Authority**

Basis of Presentation The financial statements of the Okefenokee Area Development Authority (Authority) have been prepared in accordance with generally accepted accounting principles (GAAP) for local governmental units and, accordingly, reflect all significant receivables, payables, and other liabilities. The Authority uses funds to report on its financial position and results of its operations. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements. Actual results may differ from those estimates.

Basis of Accounting The accrual basis of accounting is followed by the Authority. Revenues are recognized when an exchange takes place or when all eligibility requirements have been satisfied.

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 18 – Component Unit - Continued**

**B. Okefenokee Area Development Authority - Continued**

Cash and Cash Equivalents The Authority considers all highly liquid instruments purchased with a maturity of less than three months to be cash equivalents.

Property and Equipment Property and equipment are carried at cost or, if donated, the fair value on the date donated. Depreciation is computed using the straight-line method over the estimated useful life of the asset. Property and equipment as of December 31, 2008, was as follows:

Land	\$ 770,000
Furniture, Fixtures and Equipment	<u>34,388</u>
Net Capital Assets	<u>\$ 804,388</u>

**Note 19 – Insurance Pools**

**A. ACCG – Group Self-Insurance Workers Compensation and Interlocal Risk Management Agency**

The County may be subject to risk of loss due to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County covers these risks through the purchase of insurance coverage through ACCG - Group Self-Insurance Workers' Compensation Fund and the ACCG- Interlocal Risk Management Agency. These are public entity risk pools currently operating as common risk management and insurance programs for member local governments.

As part of these risk pools, the County is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions, and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expense incurred for investigation, negotiation, or defense.

Settled claims in the past three years have not exceeded the coverage. There was no significant reduction in insurance coverage from the prior year.

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 20 – Joint Ventures**

The County, in conjunction with cities and counties in the (8) county South Georgia area are members of the South Georgia Regional Development Center (RDC). Membership in an RDC is automatic for each municipality and county in the state. The official Code Georgia Section 50-8-34 (Georgia Planning Act of 1989) provides for the organizational structure of the RDCs. Each county and municipality in the state is required by law to pay minimum annual dues to the RDC. The County paid annual dues in the amount of \$26,169 to the RDC for the year ended June 30, 2009. The RDC Board membership includes the Chief elected official of each county and the Chief elected official of each municipality. The County Board members and municipal Board members from the same county elect one member of the Board who is a resident (but not an elected or appointed official or employee of the County or municipality to serve as the non-public Board member from a County.

The Georgia Planning Act of 1989 (O.C.G.A. 50-8-34) defines an RDC as “public agencies and instrumentality’s of their members.” Georgia laws also provide that the member governments are liable for any debts or obligations of an RDC beyond its resources. (O.C.G.A. 50-8-39.1)

A copy of the financial report can be obtained at the following address:  
Southeast Georgia Regional Development Center  
3395 Harris Road  
Waycross, Georgia 31503

**Note 21 – Contingent Liabilities**

*Possible Unasserted Claims.* The County participates in federal and state assisted grant programs subject to program compliance audits by the grantors or their representatives. It is the County’s opinion that no material unrecorded liabilities will arise from audits previously performed or to be performed. Regardless, receipt of these federal and state grant revenues is not assured in the future.

Commitments. On June 4, 1990, the County entered into an agreement proposed by the Hospital Authority of Ware County for the construction of a psychiatric and substance abuse hospital and for the expansion and renovation of Memorial Hospital. Whereby, the Board of Commissioners shall provide, by a contract to be entered into with the Authority, for the payment out of the general funds or tax revenues of Ware County, Georgia, amounts necessary, if any, to pay the principal and interest on the principal amount up to \$13,000,000 of revenue anticipation certificates. These certificates are to be retired from revenues generated from the operations of Memorial Hospital and the proposed psychiatric and substance abuse facility.

On February 1, 1992, the County entered into a lease agreement with the Hospital Authority of Ware County whereby Ware County has agreed to provide funds sufficient to meet the obligations (described in Section 5.01 of the Lease Agreement) relating to \$1,600,000 in bonds issued in accordance with the resolution dated March 5, 1992. These bonds have been recorded as a liability in the Substance Abuse Center Fund (Enterprise Fund).

WARE COUNTY, GEORGIA  
NOTES TO THE FINANCIAL STATEMENTS

**Note 21 – Contingent Liabilities - Continued**

On April 4, 2001, the County entered into an agreement with the Hospital Authority of Ware County which obligated the County to make monthly payments to the Authority in amounts sufficient to enable the Authority to pay the principal and interest coming due on the next payment date, whether at maturity or mandatory sinking fund redemption, for the Prior Certificates and the Series 2001 Certificates to the extent the revenues of the Hospital on deposit in the Sinking Fund established under the Resolution are insufficient. Such amounts may be used by the Authority only to provide for the payment of the principal of and interest on the Prior Certificates and the Series 2001 Certificates as they become due and payable. Such payments shall be made by the County directly to the Authority and deposited into the Sinking Fund established under the Resolution. The Contract requires the County to levy, within and subject to the seven mill limitation now provided by law, or such greater millage as may be hereafter authorized by law, an annual ad valorem tax on all property subject to taxation for such purpose in the County sufficient to enable the County to make the payments required by the Contract if necessary. Amounts available for payment under the Contract may be reduced to the extent proceeds of such tax are applied to payment of amounts due under the 1992B Lease.

*Litigation.* The County is a defendant in a number of claims and lawsuits. The County Attorney has reviewed these claims and lawsuits, and has concluded that it is not possible to evaluate the probability of an unfavorable outcome or to estimate the amount of potential loss. As a result and pursuant to Financial Accounting Standards Board Statement No. 5 (Accounting for Contingencies), no liabilities have been recorded. County management is of the opinion that any actual losses will not be material to the County.

*Liability Insurance.* The County acquires insurance for liability claims. The County is responsible for the first \$5,000 per occurrence for general liability and the first \$10,000 per occurrence for Public Officials Liability, Law Enforcement Liability, errors, and omissions.

*Contract Negotiations.* The County entered into a contract with a third party company to lease a landfill that was never opened by the County. The County is in the process of negotiating a cancellation of the contract which may result in a financial settlement from the County to the third party company.

**Note 22 – Net Assets Prior Year Adjustment**

The prior year adjustment to the net assets consisted of the following:

	Governmental <u>Activities</u>
Net Assets, Beginning of Year	\$ 102,784,506
Prior Year Adjustments:	
Record FY08 net pension obligation	<u>78,762</u>
Net Assets, Restated	<u>\$ 102,863,268</u>

WARE COUNTY, GEORGIA  
NOTES TO BUDGETARY COMPARISON SCHEDULES  
For the Year Ended June 30, 2009

**Note 1 – Budgetary Basis of Accounting**

An annual budget is adopted (as required by law) by the County for the general, special revenue and capital projects funds. Although not legally required, the County also adopts a budget for the enterprise funds and internal service funds. The budgets are adopted on a basis substantially consistent with U.S. generally accepted accounting principles.

## **NONMAJOR GOVERNMENTAL FUNDS**

### **SPECIAL REVENUE FUNDS**

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted for specific purposes.

**Jail Fee Fund** – To account for funds accessed with fines and designated for the operations of jails.

**Keep Waycross Ware County Beautiful** – To account for funds donated and grants received and designated for beautification projects in Ware County.

**Drug Court Fund** – To account for funds received through fines, fees and grants to assist in treatment for drug abuse.

**Sheriff's Drug & Equipment** – To account for funds received through drug seizures.

**Drug Abuse & Treatment** – To account for funds accessed with fines and designated for drug abuse education and treatment programs.

**Supplemental Juvenile Services** – To account for fees that go toward juvenile services.

**Jail Commissary** – To account for funds generated from the commissary and used toward operations of the jail.

**Law Library** – To account for funds accessed with fines and designated for the maintenance of a law library.

**Timber Sales** – To account for funds generated from the sale of timber on County property.

**D.A.'s Drug Forfeiture** – To account for funds received through drug convictions.

**Superior Court Victim Assistance** – To account for funds accessed with fines and designated for the assistance programs for victims and witnesses.

**State Court Victim Assistance** – To account for funds accessed with fines and designated for the assistance programs for victims and witnesses.

**Fire Safety House** – To account for funds received through grants and contributions for fire safety education.

**Intergovernmental Grants** – To account for various grant revenues received.

**Rural Fire Assistance** – To account for grant funds received for fire equipment.

## **NONMAJOR GOVERNMENTAL FUNDS**

### **CAPITAL PROJECT FUNDS**

The Capital Project Funds account for financial resources to be used for the acquisition or construction of major capital facilities.

**CHIP Grant Fund** – To account for grant funds for homeowner capital improvements.

**CDBG Emerson Park Fund** – To account for grant funds provided for infrastructure improvements.

**CDBG EIP MRCX Railroad Fund** – To account for grant funds provided for infrastructure improvements.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners  
Ware County, Georgia

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Ware County, Georgia as of and for the year ended June 30, 2009 which collectively comprise the County's basic financial statements and have issued our report thereon, dated January 29, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We did not audit the financial statements of Ware County Board of Health which represents 2.34% and 34.93%, respectively of the total assets and revenues of Ware County, Georgia. We did not audit the financial statements of the Okefenokee Area Development Authority, which represents .97% and .59% respectively, of the total assets and revenues of Ware County, Georgia. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Ware County Board of Health and Okefenokee Area Development Authority are based on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Ware County, Georgia's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purposes of expressing an opinion on the effectiveness of Ware County, Georgia's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Ware County, Georgia's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a control deficiency, or combination of control deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of Ware County, Georgia's financial statements will not be prevented, or detected and corrected on a timely basis.

-106-

**Henderson & Godbee, LLP**

To the Board of Commissioners  
Ware County, Georgia

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses, and therefore, there can be no assurance that all such deficiencies have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies. A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and responses as item 2009-1 to be significant deficiencies in internal control over financial reporting.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Ware County, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Ware County, Georgia's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. We did not audit the Tift County Board of Health's response and, accordingly, we express no opinion on it.

We noted certain matters that we reported to management of Ware County, Georgia in a separate letter dated January 29, 2010.

This report is intended solely for the information and use of the Board of Commissioners, management, the State of Georgia Department of Audits and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

WARE COUNTY, GEORGIA  
 SCHEDULE OF FINDINGS AND RESPONSES  
 Year Ended June 30, 2009

**Section I – Summary of Auditor’s Results**

Financial Statements

Type of auditor’s report issued	Unqualified
Internal control over financial reporting Material weakness identified?	____ Yes <u>  X  </u> No
Significant deficiencies identified not considered to be material weakness?	<u>  X  </u> Yes    ____ None reported
Noncompliance material to financial statements noted?	____ Yes <u>  X  </u> No

**Section II – Financial Statement Findings**

**Current Year Findings**

**Significant Deficiencies – Not Considered a Material Weakness**

**Current Year Findings**

2009-1 - Criteria

To the extent possible, duties should be segregated to serve as a check and balance on the employee’s integrity and to maintain the best control system possible.

2009-1 - Condition - Lack of Segregation of Duties

Due to a limited number of people working in the finance department and each constitutional office, many critical duties are combined and given to the available employees. Presently the following duties are combined:

- Mail is opened by someone which is not independent of recording transactions in the accounting records;
- A list of incoming checks is not prepared by someone independent of recording transactions in the accounting records;
- Bank deposits are not made by someone other than a cashier or accounts receivable bookkeeper;
- Cashiers are not restricted from gaining access to accounts receivable records and bank and customer statements;
- Postings to the general ledger are not always made by a person independent of the person receiving the money;
- The check-signing function is not always independent of the functions of purchasing, bookkeeping, and preparation of checks.

2009-1 – Cause

In most offices there is not an adequate number of employees to provide for the proper segregation of duties and a plan has not been developed to assign duties or implement compensation controls to improve checks and balances in the control system.

WARE COUNTY, GEORGIA  
SCHEDULE OF FINDINGS AND RESPONSES  
Year Ended June 30, 2009

2009-1 – Effect

This condition represents a significant deficiency in the design or operation of the County's internal control structure and could possibly adversely affect the County's ability to record, process, summarize, and report financial data consistent with assertions of management in the County's financial statements.

2009-1 – Recommendation

The Board of Commissioners and elected officials of the constitutional offices should develop a plan to improve the lack of segregation of duties in each office. The assignment of responsibilities should be developed to provide adequate segregation of duties. The manpower resources in each constitutional office, the administrative office, financial office, and other offices could be utilized.

2009-1 – Management Response

Ware County management concurs with the finding and will work where possible to create better separation of duties.

**Prior Year Findings**

Finding 2009-1 was reported in the prior year.

Finding 2008-2 from the prior year was resolved through improved written instructions for accounting systems.

## INDEPENDENT AUDITORS' REPORT ON LOCAL ASSISTANCE GRANTS

To the Board of Commissioners  
Ware County, Georgia

We have examined management's assertion included in the accompanying State of Georgia Grant Certification Form about Ware County's compliance during the fiscal year ended June 30, 2009 with the requirement to use grant proceeds solely for the purpose or purposes for which the grant was made for each of the following grant awards:

1. 08-C-L-373

Management is responsible for Ware County's compliance with this requirement. Our responsibility is to express an opinion on management's assertion about Ware County's compliance based on our examination.

Our examination was made in accordance with standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Ware County's compliance with this requirement and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Ware County's compliance with the specific requirements.

In our opinion, management's assertion that Ware County complied with the aforementioned requirement for the fiscal year ended June 30, 2009 is fairly stated, in all material respects.

This report is intended solely for the information and use of management and the Georgia Department of Audits and Accounts and is not intended to be and should not be used by anyone other than the specified parties.

## INDEPENDENT AUDITOR'S REPORT

We have examined management's assertion included in the accompanying Annual Report of 9-1-1 Collections and Expenditures about Ware County, Georgia's compliance during the fiscal year ended June 30, 2009 with the requirement to expend 9-1-1 funds in compliance with the expenditure requirements of the Official Code of Georgia Annotated, Section 46-5-134. Management is responsible for Ware County, Georgia's compliance with this requirement. Our responsibility is to express an opinion on management's assertion about Ware County, Georgia's compliance based on our examination.

Our examination was conducted in accordance with the attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Ware County, Georgia's compliance with this requirement and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Ware County, Georgia's compliance with the specified requirement.

In our opinion, management's assertion that Ware County, Georgia complied with the aforementioned requirement during the fiscal year ended June 30, 2009 is fairly stated, in all material respects.

This report is intended solely for the information and use of management and the Georgia Department of Audits and Accounts and is not intended to be and should not be used by anyone other than the specified parties.

Yes       No

31b If the answer to Line 31a is "no", provide explanation (including amounts) to reconcile each line item specified in Line 31a above to government's audited financial statements. Reconciliation should be attached to this report.

**Certification of Local Government Officials**

I have reviewed the information presented in this report and certify that it is accurate and correct. I further certify that the 9-1-1 funds were expended in compliance with the expenditure requirements specified in the Official Code of Georgia Annotated (OCGA), Section 46-5-134. I understand that, in accordance with OCGA Section 46-5-134(m)(2), any local government which makes expenditures not in compliance with this Code section may be held liable for pro rata reimbursement to telephone and wireless telecommunications subscribers of amounts improperly expended. Further, the noncompliant local government shall be solely financially responsible for the reimbursement and for any costs associated with the reimbursement. Such reimbursement shall be accomplished by service providers abating the imposition of the 9-1-1 charges and 9-1-1 wireless enhanced charges until such abatement equals the total amount of the rebate.
